Family Brag Section

The trip to see Billie, Brent & family was great. Brent took Ian & Ireland & Sadie White Water Rafting and they enjoyed the adventure. We stayed at a resort in Leavenworth and enjoyed the shops. Liam has become a knight and looks cute in his costume. He swings a sword pretty good against his Dad. It was fun to spend time with my grandchildren.

I Cor. 16:23

Mom has been doing well since living in her own apartment. She likes to cook and entertain, which she does a lot of. It has really been good for her. She visited a friend in Kentucky with Barb & Warren this summer. I'm glad she's happy.

Tammy & Brian have had a busy summer. She works at an antique shop in Canandaigua part-time and has done painting for people in the area. I love the cabinets she did for the Lacy's. Brian works at Kodak and is a baseball referee, which keeps him busy. Tammy went out to Billie's with me, and Brian went to a baseball convention in Cooperstown. Ian & Ireland are growing up fast. Ian is a senior & both are high school students.

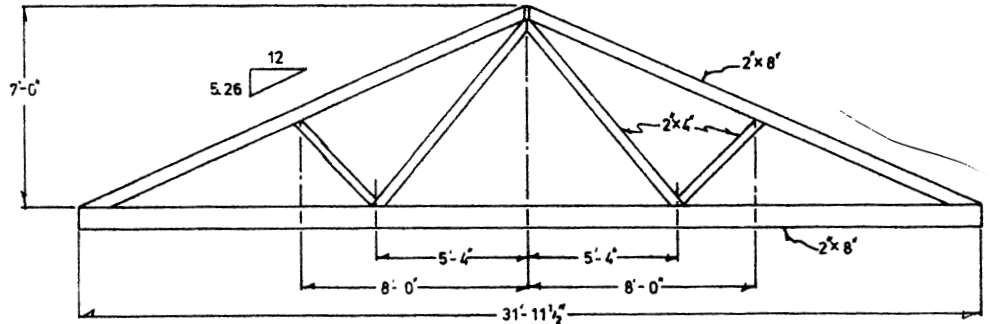

Did you know you can take an existing home and side it with log siding and corners and make it look like a new log home?

Put on a log addition & siding on your home - looks nice.

We stock most lumber products. Check it out. Need Trusses?

We can get them shipped to your site!

WARNING

Some companies are producing Red Pine logs and siding. Red Pine is not decay resistant and will rot.

Many folks don't know the difference and end up having problems; we've had to re-build around some of these homes already.

Buy white pine from Allegany and protect yourself from having a problem!

Customer Letter

Dear Nancy:

We just can't tell you how happy we are we chose one of your log homes to build. Thank you so much!

It was so easy dealing with you and Penny. Every modification we wanted to make you were able to arrange. From enlarging closets, to extending the house front to putting in a "cat door". We are just in love with it. Everyone who has seen the home loves it. As you know this was our major goal for 9 years you and Larry Petri helped make it happen. A dream come true.

Larry and the guys! They were concerned with every piece of wood, every lag bolt, every cut of wood. Larry is an easy going guy who called to make sure that every thing was the way we wanted it and his crew are master craftsmen NOT just a construction workers. They all took great care and pride in their workmanship.

We take great pride in showing off our dream house!! Thank you for all your help and friendship over the years!!!

David and Joyce Blacken
